						1:25,000	OL 30 - Yorkshire Dales (North & Central)

**Please note the later departure times! This is in response to the opinion expressed by many walkers, that previous departure times were a little too early!**

The coach is equipped with an onboard toilet, in all cases there will be no boot stop enroute! This will offset later departures and save time getting to the start of walks!

Of course, an emergency toilet stop can still be made on the homeward journey!
